eDiscovery in 1/2 the Time, 1/2 the Cost, while Lowering Risk.

— What is Orange Legal Technologies' OneO<sup>®</sup> Discovery Platform?

Orange Legal Technologies' OneO<sup>®</sup> Discovery Platform is an integrated, web-accessible electronic discovery platform that enables online analytics, processing, and review of unstructured data from the security of a hosted centralized repository. Delivered under a Software as a Service (SaaS) model, OneO<sup>®</sup> allows users to gain full control of the electronic discovery process.

— What are the key capabilities of OneO<sup>®</sup>?

Consisting of an integrated platform organized into three service modules that can be used together or individually, the key capabilities of OneO<sup>®</sup> are as follows:

OneO<sup>®</sup> O1 Analytics

- Data Preparation
- Data Indexing
- Data Filtering/Deduplication
- Data Sampling
- Early Case Assessment
- Search Term Scoping

OneO<sup>®</sup> O2 Processing

- Data Filtering
- Data Deduplication
- Metadata Extraction
- Full Text Extraction
- Data Conversion
- Load File Preparation
- Custom Database Development

OneO<sup>®</sup> O3 Review

- Foreign Language Support
